**Robert Bosch (1861–1942)**  
**Inventor, Entrepreneur, Founder of Robert Bosch GmbH**

The Robert Bosch Micro and Nano Electro Mechanical Systems Award was established by the IEEE Electron Devices Society in 2014 to recognize and honor advances in the invention, design, and/or fabrication of micro- or nano-electromechanical systems and/or devices. The contributions to be honored by this award should be innovative and useful for practical applications.

This award is sponsored by the IEEE Electron Devices Society with financial support from Robert Bosch LLC. It is intended that the award will be presented annually to an individual or to as many as three individuals whose achievements and contributions are judged to meet the selection criteria for the award. The award will be presented at an IEEE conference of the winner's choice. It is not necessary for the recipient(s) to be a member(s) of IEEE.

The recipient will receive a US\$10,000 honorarium (which includes up to \$3,000 of travel expenses for international travel and \$1,500 of travel expenses for domestic travel), a bronze medal, and a certificate.
